

Brush Chipper

Turn your skid steer into a mobile work station. This attachment is ideal for commercial, residential, orchards, golf courses, etc., any place where you need to turn a pile of branches into a pile of chips. Easily placed into backyards and remote areas without creating damage to yards.

HAS AN INLET DRIVE THAT PULLS THE WOOD TOWARDS THE CHIPPING DISK

PRODUCES A VERY FINE CHIP THAT EASILY DECOMPOSES INTO THE SOIL

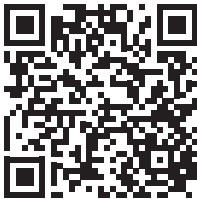

BUILT TO POWER THROUGH LARGER HARD WOOD WITHOUT PLUGGING UP THE CHIPPER

Low-profile discharge places
bio-degradable chips directly
on the ground or into a trailer

Safety shut-off grab bar
controls the hydraulic feed roller

SKID STEER

FEATURES & BENEFITS

- Direct hydraulic drive and fly-wheel design make for low maintenance and efficient chipping
- Independent hydraulic feed system controls allows user complete control of feeding rate into the chipper
- Two universal skid steer attach plates on two sides of the chipper allow skid steer to be attached either perpendicular or parallel to chipper for best maneuverability in even the tightest locations

SPECIFICATIONS / OPTIONS

Model	Standard Flow	High Flow
Part Number	900790	900791
Feed Opening	5.5" x 7"	9" x 9"
Chipper Capacity	5"	8"
Feed System	Hydraulic	Hydraulic
Chipper Disc	20" x 1.25"	30" x 1.25"
Disc Weight	140 lb.	275 lb.
Weight	1,650 lb.	1,775 lb.
Case Drain	Required	Required
Recommended Hydraulics	15-25 GPM @ 3,000 psi	25-38 GPM @ 3,000 psi
Options		
Chipper Blade Kit (standard flow)		N/A
Chipper Blade Kit (high flow)	N/A	
Factory Installed Case Drain Coupler		
Factory Installed Couplers		
Factory Installed High Flow Couplers	N/A
