

Multi-Purpose Grapple

When you add the multi-purpose grapple to your fleet, no downed trees, large rocks or large wood piles will stand in your way again. With this grapple, trees and debris can be delicately removed or loaded without damaging the surrounding landscapes.

THE OPTIONAL HYDRAULIC ROTATION AND 12,000 LB. HYDRAULIC WINCH CAN BE ADDED ANY TIME

THE 9,000 LB. RATED ROTATOR HAS GREATER RANGE OF MOTION AND A HIGHER RATING THAN COMPETING MANUFACTURERS ARE ABLE TO OFFER

OPTIONAL WINCH AVAILABLE

Take a Picture of This QR Code With Your Smart Phone to See It in Action

Optional Warn hydraulic winch shown on top of unit; Warn hydraulic winch is rated to 12,000 pounds. This winch allows for retrieving logs in hard to reach areas.

Stackable valve block allows for additional options such as hydraulic rotation and winch to be added separately or in combination

Overbuilt 9,000 lb rotator capacity

Hoses are spiral wrapped for added protection

Jaw tines made from American grade 100 steel to eliminate bending and twisting

Grapple closes from 3" - 60" to grasp various sizes of materials

Jaws painted yellow for better visibility to operator

SKID STEER

FEATURES & BENEFITS

- Includes skid steer mount and 3-point hitch Cat I and II
- Two steel steps for traction
- 3-inch bore cylinder
- Closes to less than 3 inches
- Heavy-duty push bar
- Optional hydraulic rotation
- Optional winch
