

# Tree Puller

The Tree Puller is a versatile tool for arborists, farmers, landscapers, and anyone looking to conveniently and carefully remove brush and trees up to 8" in diameter. The open plate design offers superior operator visibility, while the push bar keeps branches safely away from the cab. It's the perfect combination of quality, affordability and functionality.

AGGRESSIVE TEETH WITH NO-SLIP DESIGN

EASILY TRANSPORT TREES, BRUSH, AND POST

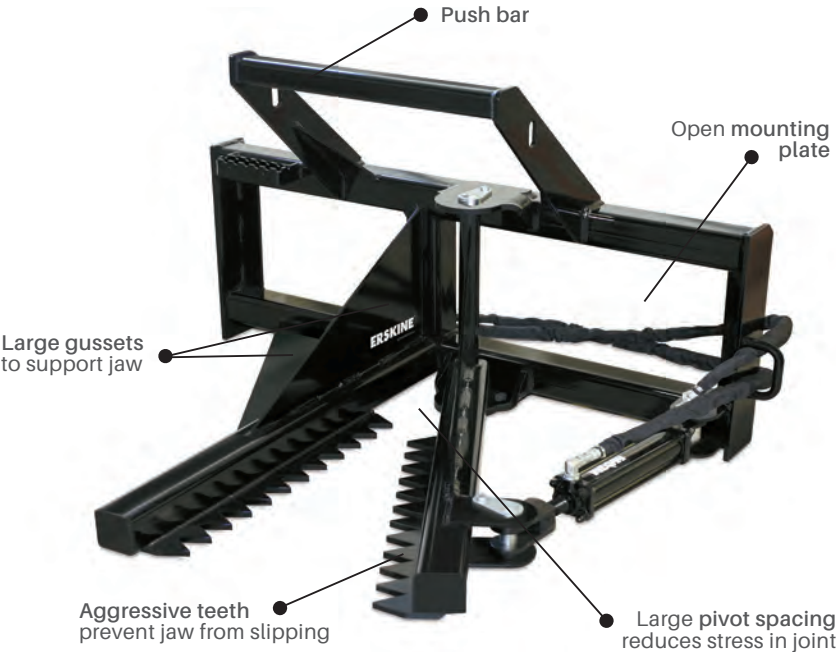

REMOVE TREES AND THE ROOT BALL
